To whom it may concern,

As a consumer, US citizen, and hi-tech analyst, i am deeply concerned by the lack of measures to punish and/or change microsoft's conduct. The current proposal, which nine states have signed off on, does little to stop Microsoft's illegal conduct. I am apalled. I believe that we need stricter penalites on Microsoft as well as immediate and sustained action to actually stop their abuse of their monopoly position.

Regards  
Andrew Albert Fuertes
